www.hydroscand.co.uk

We offer a complete range of affordable, high-quality hydraulic and industrial hoses and fluid connectors and machines, all supported by our network of local branches and skilled in-branch and mobile technicians.

Hydroscand is a global family-owned business established in 1969 with operations in 20 countries worldwide.

- Fully trained staff
- ISO 9001 certified
- DNV-GL approved

Serving customers for 50 years, we are proud to be a world-leading supplier to many industries. One thing that hasn't changed is our dedication to the flow.

For a world-class service with local expertise, **choose Hydroscand.**

Come to us

Our branches are the backbone of our offering and our skilled, BFPA-trained technicians and engineers are available to offer help and advice.

With over £2-million of high-quality stock available across nine UK depots, we can make sure you don't leave without a solution.

Many of our branches operate as OEM production facilities and we even sell and service machines, so that you can assemble your own hoses.

- While-you-wait service
- Hydraulic hoses
- Stainless steel fittings
- Marine hoses
- Air hoses
- Wash hoses
- Full range of adaptors
- Pneumatic tools and fittings
- Hydroscand machines
- Spill and containment products
- Hose disposal

Make your own with a Hydroscand Machine

Hydroscand offers a wide-range of hose assembly machines and accessories for the hydraulic hose industry, so you can create your own hose assemblies in-house.

Our range includes machines for swaging, skiving, cutting, cleaning, measuring and handling. Available as small hand swaging machines for great portability, to industrial size machines to keep demanding production lines running efficiently.

40+ years of experience in the hose assembly business gives us a unique understanding of the production and development of our machines.
