

QHSE POLICY

Hydroscand Ltd provides affordable services and solutions for hoses, fittings and related products. We consider the customer in everything we do and strive to always exceed our customer's expectations. We take pride in always delivering high quality products and services that meet customer and applicable statutory, regulatory & compliance obligation requirements. Local entrepreneurship is part of our DNA and this together with strong group support in a global company, makes us strong and quick to react.

To this end the company will maintain a QHSE management system complying with the requirements of ISO 9001, 14001 & 45001, customer, legal & statutory requirements and is committed to protecting the environment, preventing pollution, considering climate change, providing safe & healthy working conditions and ensuring continuous improvement.

Detailed QHSE objectives will be established and reviewed at management review meetings.

This policy will be communicated to all company personnel and will be regularly evaluated at management review meetings for its continuing suitability.
