

HYDROSCAND T8012, SUPERTWIN, TWIN

Product group	110
Cover design	Pin-pricked
Color	Black
Bundled pipes/hoses	1
Cover tube resistance	Oil, Weather
Safety factor	1:4
Cover tube material	PU
Max temperature (°C)	100
Reinforcement layers	1
Reinforcement mtrls	Kevlar
Min temperature (°C)	-40

The hose is well suitable for high pressure hydraulics when there is a need for twin hoses with textile reinforcements. Equivalent to SAE 100 R8 regarding pressure and SAE 100 R7 regarding dimensions. NOTE! Air and water max +70.

Part no	Bend radius (mm)	ID (inch)	ID (mm)	OD (mm)	Weight (kg)	Working pressure (MPa)
