

Ultraman PU

Product group	140
Color	Black
Cover design	Smooth
Safety factor	1:4
Bundled pipes/hoses	1
Media description	Materials
Antstatic wire	No
Cover tube material	PU
Flat coil	No
Max temperature (°C)	75
Reinforcement layers	No extra reinforcement
Reinforcement mtrls	PE
Min temperature (°C)	-50

Extruded PU hose for use in abrasive environments. The hose is very durable, has a very good UV resistance and good resistance to most common chemicals. The hose is very well suited for use in harsh environments. Textiles quality post provides maximum 2% change in length of the hose at the recommended working pressure. The hose comes in standard lengths of 200m.

Part no	Working pressure (MPa)	ID (mm)	Length metre per coil	OD (mm)	Weight (kg)
14252032	1.75	51	60	56.2	0.51
14252056	1	90	60	95.8	0.95
14252064	0.9	102	60	108	1.1
14252203	0.65	203	60	209.4	2.2
14252254	0.53	254	60	260.6	2.05
14252300	0.38	305	60	311.8	3.5
